## PREFACE

As one of the foremost information sources in the Department of the Army, the Redstone Scientific Information Center (RSIC) continues its efforts to serve the needs of its users. This bibliography is intended to enhance the promotion and implementation of the concept of total quality management (TQM).

The selected coverage includes books, periodical articles, conference papers and reports. Coded citations indicate items in RSIC's collection. Interlibrary loan requests may be submitted.

The bibliography was compiled and edited by the following RSIC staff members, Martha Knott, Ann Foreman, Yvonne Stewart, Rose Sidick, Beth Price, Philip Kitchens, Nancy Stilson, Joyce Kelly, Gwen Wallace, and Rixie Schmidt.

This is a updated edition of the original bibliography published April 1989. Periodic updates are planned. Questions or further information may be obtained from Redstone Scientific Information Center by writing :
